Concepts

This is a great opportunity to spread the word about our project, share our experience and showcase the impact of our work.

Launched as an initiative of the Erasmus+ French National Agency on the 30th anniversary of Erasmus+, #ErasmusDays consists of a series of bottom-up events organised by various Erasmus+ programme players. Last year, 3 995 events were organised in 53 countries.

In previous editions, events organised included seminars, partner meetings, photo exhibitions, concerts, radio shows, conferences, digital activities, etc.

This year, due to the COVID-19 pandemic, #ErasmusDays 2020 will mostly consist of online events.

This “WINTEX PROGRESS3 event will focus on the challenges of promoting the WINTEX project for more international visibility. This partners meeting will gather around 50 representatives from higher Education Institutions (HEIs) from all the participating partners’ countries in the Wintex project to discuss the progress and the next steps planning of the project.
